

FlipBox Productions excels in creating custom videos that satisfy customers' needs. Because we are a small production company, we can work with organizations, companies, and individuals on a personal basis and match their desires with a quality product. FlipBox Productions' experience lies extensively in documentary-making, video editing, event shooting, and graphic design.

What We Do

FlipBox Productions' experts videotape and edit your events using professional equipment. Capture company events, conferences, sporting events, concerts, competitions, graduations, parties, and other special events. Or, promote your company, team, or event. As part of this service FlipBox Productions will

1. Send two videographers to the event and tape it for you.
2. Edit the video footage.
3. Create custom DVD cover art and labels.
4. Ship DVDs to customers within 2-3 weeks of the event's completion.

Equipment

FlipBox Productions uses:

- Professional-grade cameras—Canon GL2 and XL1, Sony HDR-FX1
- MiniDV tapes
- Microphones
- Professional editing software

Advantages

Why use FlipBox Productions' event taping services:

- Our professional equipment gives a high-quality recording of the event.
- Our creative shooting and editing provide a dynamic account of the event.
- We will add titles, graphics, logos, transitions to each video.
- We provide your organization with footage to use for promotions.

Video Background

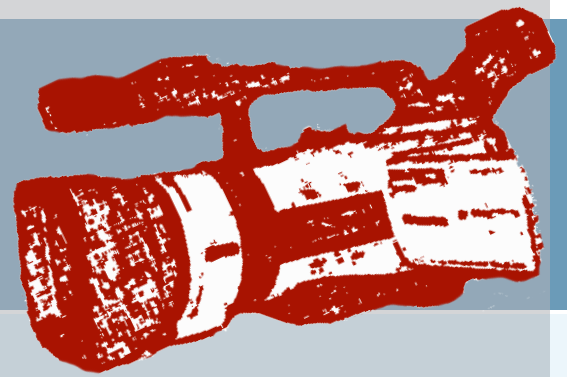

FlipBox Productions specializes in event taping and video editing. The owners have been producing videos for over 9 years. Both have earned Master's degrees in mass communication, with a focus on videography and visual communication. Specific projects are listed on the right.
