

VIDEO MONTAGES

Video montages are the perfect way to relive, preserve, or display personal photos. Our experts take your photos and/or videos, animate them and time them to your favorite songs, tailor the video to fit your needs and personality, and put it on a customized DVD or VHS. Montages are perfect for celebrating graduations, anniversaries, birthdays, weddings, and much more!

WHAT YOU DO:

1. Select a package from below.
2. Choose the pictures and music that you want in the video.
3. Put your pictures in order and number them.
4. Meet with a FlipBox Productions representative to discuss your vision for the video.

WHAT WE DO:

1. We scan your pictures, animate them, and time them to music.
2. We post your video online for you to review and approve.
3. We provide you with a custom DVD and DVD case.

VIDEO MONTAGE PACKAGES:

In our most basic package, we charge only \$2.00 per photo, and each video montage comes with custom transitions between photos, personalized titles throughout the video, 3 DVDs (each additional DVD \$10), and a custom DVD case. However, you can choose from our other special packages to get more for your money!
